An applicant must have received a Step One Pre-Qualification from the State of Michigan to operate a medical marihuana facility or adult-use marihuana establishment before they may begin the process for City approval of the structure and location of the facility. If the applicant does not have a Step One Pre-Qualification from the State of Michigan, the applicant may not begin the City application process for licensure.
3. *Fees.* All Applicants for each License type must file an application with the City Clerk. - (b) The City Clerk/Manager may engage professional expert assistance in performing the Clerk/Manager's duties and responsibilities under this Chapter.

The Clerk retains the right to recommend fewer licenses than the number available if the remaining license application scores fall below 75/100, however, no license shall be awarded to an applicant whose score falls below 60/100.

2. Within ninety days from conditional authorization from the City, the conditionally authorized applicant must submit proof to the City Clerk that the applicant has submitted the State Step Two-License Qualification application for the respective license application-type submitted to the City. If the applicant fails to submit such proof or fails to apply for and receive an extension from the City, then that applicant's Conditional Authorized Applicant status shall be suspended and Conditional Authorized Applicant status shall be made available to the next applicant in consecutive time and date stamped, certified, completed, application order.

The conditions may include conditions necessary to ensure that public services and facilities affected by a proposed land use or activity will be capable of accommodating increased service and facility loads caused by the land use or activity, to protect the natural environment and conserve natural resources and energy, to insure compatibility with

adjacent uses of land, and to promote the use of land in a socially and economically desirable manner.

Failure to complete the State Step Two Facility/Establishment license application process within six (6) months from the conditional approval date shall result in the City's denial of the application unless acceptable, good-faith effort to complete the process is shown and, at the complete discretion of the City, an extension is authorized by the City. If an application is denied by the City, the next best applicant that meets the scoring threshold as provided for in section 88-18 shall be afforded the opportunity to apply. The resulting list of scorers shall be used as the order for any waiting list, in the event that, (a) currently existing grandfathered facilities do not pass the State of Michigan's licensure process, (b) other facilities close on their own accord, or close by court order, administrative order, and/or have their license revoked, or (c) the City chooses to raise the number of available licenses limit for that kind of facility at some future date.
