

## East Delano Avenue Reconstruction, Muskegon County

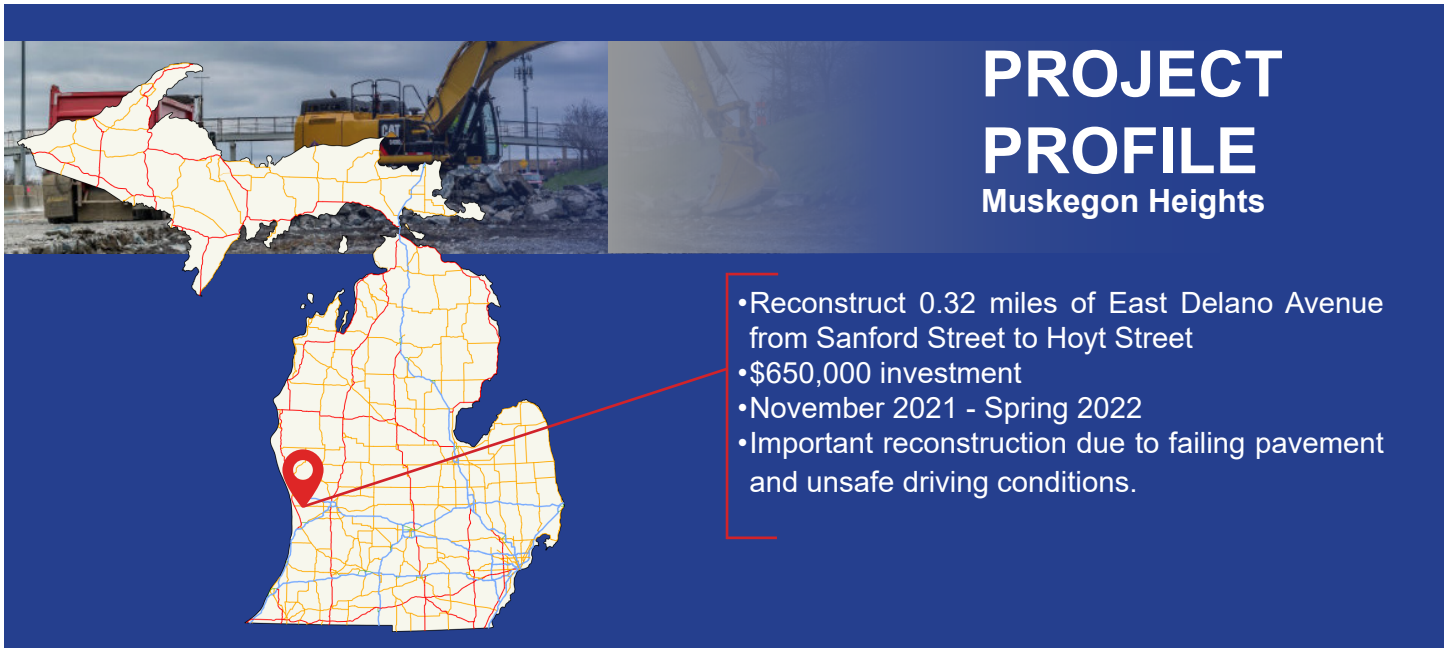

**Phase One Start:** November 2021

**Phase One End:** November 2021

**Phase Two Start:** Spring 2022

**Phase Two End:** Spring 2022

**Investment:** \$650,000

# PROJECT PROFILE

## Muskegon Heights

- Reconstruct 0.32 miles of East Delano Avenue from Sanford Street to Hoyt Street
- \$650,000 investment
- November 2021 - Spring 2022
- Important reconstruction due to failing pavement and unsafe driving conditions.

### What Is Being Done?

The project involves full depth reconstruction of two lanes of undivided roadway in two phases:

- Phase One:
  - Asphalt Removal
  - Sidewalk and curb removals
  - Storm sewer improvements
  - Roadway grading and aggregate base
- Phase Two:
  - Concrete curbs
  - Sidewalk and driveway improvements
  - Asphalt paving and turf restoration

### How Traffic Will be Affected:

Construction will take place in two phases:

- Delano Avenue will be temporarily closed during construction between the intersection of Sanford Street to the intersection of Hoyt Street. Residents are encouraged to park on side streets during construction.
- Traffic to businesses and residents will be maintained utilizing side streets and alleys.
- Pedestrian traffic will be detoured as necessary during construction.
